Oct 22	United Flying Octogenarians - Charlie DeBerry
Nov 11	Annual meeting and election
Nov 15	November Potluck (6:00 pm)
Feb 21	Banquet – Gary Adams

FLYING WEDNESDAY 9/24

The weather couldn't have been better... typical Indian Summer day on Wednesday. We had 22 flights including one intro flight. Thermals were working to about 4500 MSL but hard to find (no clouds).

FLYING SATURDAY, 9/27

27 launches and everything went smoothly. 5 guest rides with a possible new member.

After Jack Struck arrived in his 1938 Talbo reproduction (photos below), Chuck Lohre gave him a ride to celebrate his 85th birthday!

Following his guest ride with Bill Gabbard, Vlad commented "It was AMAZING !!!! Thank you for the experience!" and later posted his flight on YouTube. You can watch his video at here:
<https://www.youtube.com/watch?v=pZtxlJaGRus>

FLYING SUNDAY, 9/28

35 flights in GREAT early fall weather. By 14:00 Cu's were popping and the queue at LAUNCH CENTRAL was starting to jam up. The glass guys were starting to populate the North side of the launch area where parachutes were the dress code of the day. The "Mighty 4th" was busy launching club ships, but took a brief break to launch the glass guys. They returned to business as usual with two tow planes and one full time instructor. We were blessed to have Mr. Bill wander out to the flight line like a lost soul in need of a free meal. We pressed him into service, after giving him a hot dog or two, and he instructed the rest of the day. Instructor Snow Bird Dick was pressed into service, as was instructor/tow pilot Rich Perry who landed after 1800 hrs successfully with student intact.

It was one of those GREAT CCSC days that remind you of why you've joined this bunch of crazy glider guiders. It's really the best kept secret in the mid west!

FOLLOW-UP - INFLIGHT OPEN CANOPY

Investigating the inflight open canopy reported in last weeks FF, Steve Statkus reports the following:

Inspected the canopy latch [of 16Q] and found it to be the loosest of the three 2-33's. We disassembled the latch, massaged the spring a bit, reassembled it backwards, (the correct way) and it tested snug. Flew the glider multiple times this Wednesday and had no problems.

Good work to Kevin "flying the airplane" and thanks for the well written explanation. Sharing the experience is the corner stone of a "culture of safety".

REMINDER - UNITED FLYING OCTOGENARIANS TO MEET AT CCSC

Charlie DeBerry is hosting a gathering of UFO's (United Flying Octogenarians) at CCSC on Wednesday, October 22. If you would like to join in the festivities contact [Charlie](#). He prepared a [flyer](#) with more information. Not only will there be opportunities to soar in a glider, but rides will be available in a Stearman. There is a need for club members to volunteer to help, especially tow pilots and commercial pilots who are current for taking passengers.

ELECTION OF TRUSTEES

The two-year terms of the following will expire at the Annual Meeting in November: Jim Dudley, John Dudley, Tim Christman and Mark Schababerle. If you would consider serving the club as a trustee, please prepare a brief resume and send it to the Secretary, [John Dudley](#). He will be preparing ballots for proxy voting and the brief resume will be used along with the ballot to introduce you to the members.

CCSC TRUSTEE BOARD MINUTES

Available on [website](#). The password is printed on your monthly bill.
