BRING-A-FRIEND DAY, AKA OPEN HOUSE, MAY 17

A special effort is being made to prepare CCSC to welcome your friends, neighbors, work colleagues or anyone else with whom you have been talking about flying gliders. A flier was emailed to each member by John Lubon recently. You are encouraged to use that flier to invite people to come to CCSC on May 17. Normal guest ride fees will apply. All members are encouraged to come out and bring your guests.

MEMORIAL DAY FUN FLY, MAY 24-26

A great weekend is in store for May 24-26. Gary Adams is arranging for a dinner-dance. Mark Schababerle will secure appropriate dance music. Gary has arranged for “City Barbeque” to cater the feast. Steve Statkus is arranging for the Fun Fly special events. Frank Paynter will serve as Contest Director for the contest which will be designed to enable all skill levels to participate and have fun. Be sure that you have completed your annual field check (and FAA flight review if required) so you can join in the fun. PLEASE LET [GARY](#) KNOW THAT YOU WILL COME.

After a fun day of flying, join us for.....

WEDNESDAY THE WEATHER COOPERATED - 5/7

Although there was plenty of wind, the forecast gusts went elsewhere and it was a great day for soaring. The field was in great condition, tow plane 48L and gliders were ready, Bob Root's team launched 14 flights.

BEER VOLUNTEER NEEDED

A Beer Person is needed for the contest. This involves arranging for a keg of beer for the Beermeister to be placed in the Tow Plane Hanger and also arranging for cans/bottles for the cooler on the patio. This would also require keeping the stocks filled for the duration of the contest. If willing, please call Rolf at 937-271-5003.

While Tom Geygan completes his preflight checklist, Tom Bonser instructs visitor Think Nguyen about glider launch procedures.

SATURDAY - 5/3

Showers and rain prevented any soaring, but there was a good crowd of members in attendance at the SSD monthly board meeting.

The meeting was cut short so all could participate in John Lubon's seminar about Thermalling Techniques. Sixteen were attentive as John detailed his strategy for cross country soaring (as distinct from racing). For those who missed, one of John's key strategies is to "**Turn in Lift**, not in *Sink!*" That may sound obvious, but John devoted much of the seminar to explaining how!

Mark Schababerle poses a question about when to start the turn when entering a thermal.

The SSD Meeting included a discussion of tiedowns for private aircraft because several anchors are no longer serviceable.

EVENT WITH LOUISVILLE SOARING CLUB & CENTRAL INDIANA SOARING SOCIETY

CCSC has received an invitation from members of the Louisville Soaring Club to join with them and members of the Central Indiana Soaring Society for fun weekend. The proposal is 4th of July weekend at the Madison, IN airport (KIMS) because that is also the weekend Madison hosts the Regatta of jet boat races on the Ohio River. [More details are available](#). Be thinking about whether you would like to participate.
