ANNUAL MEETING AGENDA

The business of the annual meeting is to elect four trustees and to vote on five amendments to the Bylaws. To pass the Bylaw amendments a majority of all members (79 votes) is required. Even if you plan to attend the meeting Tuesday, November 11, please send in your proxy vote so we can be sure that sufficient ballots will be cast to make the decision valid. Only 51 votes have been received, so your vote is important. Vote now! Phone calls will start Wednesday if needed.

NEW MEMBERS

At the November meeting of the Trustees two new members were approved: Jacob Smith and Caitlin Lyons. Both are employed by Delta Private Jets and are licensed pilots who are eager to add on a glider rating. They were both referred by Lorrie Penner. Maurice is the third new member this past month, but his paperwork had been misplaced so he will be officially accepted at the next meeting. Welcome each of these new members when you see them.

Jim Goebel discusses the fine points of piloting gliders with new members Caitlin Lyons and Jacob Smith

FINANCIAL HIGHLIGHTS FOR OCTOBER

YTD net income was \$2,268 unfavorable to plan on gross income of \$158,161.90 at the end of October. Overall, the financial situation is still looking good and there is a good chance that we will end the year exactly on plan. The fuel index remains at \$0.40 per 100 feet. There is ample cash on hand to cover the anticipated expenses during the next three months.

GOOD NEWS ABOUT TOW PLANES

Tim Christman reported that we have received approval from the FAA to delay compliance with the AD on 909 and "Z". We have been authorized to have detailed inspections performed at 100-hour intervals and delay the expensive work that kept 48L out of service much of the spring. This was Cubby's recommendation and the approach that has been authorized for other Pawnees in similar service. If the inspections ever indicate that repairs are necessary there is a chance that the repair procedure/fixture will be corrected so compliance will be less costly.

SATURDAY NOVEMBER 1

Steve Fenstermaker's crew showed up Saturday despite the poor weather. They took down the wedding/Octoberfest decorations. The Kubota was used to transport bales of straw back to the neighbors off the east end of the field. Additional bales of straw that were in the loft of the red barn were also taken to the neighbors to reduce the fire hazard. The unintended consequence of this was to remove a cat nest. When Steve started moving the straw, the black cat jumped out and trotted across the barn beam above the tractor door. There is left-over unbaled straw that hasn't been removed yet. A foam box that appears to be used by the cats was discovered in the loft. Kevin Price straightened the paperwork up in the trailer. While doing so, he discovered the PayPal Here card scanner and loaded the app on his phone, so he is ready to process credit card payments for us.

JEFF GRAWE - FIRST SOLO **SUNDAY NOVEMBER 2**

Sunday was cool but sunny all day with very little wind. There were 24 flights, including two guest rides, despite the absence of lift. Like many fall days, this was the perfect day for training flights, so both John Lubon and Larry Kirkbride helped Rich Carraway with instructing. The highlight was Jeff Grawe taking his first glider solo flight. Meanwhile, Henry Meyerrose was busy fixing the front tire of the G103.

Jeff Grawe, in 15H, receives encouragement from his instructors, John Lubon and Rich Carraway, in preparation for his first solo.

IT'S THAT TIME OF YEAR AGAIN...

Yes, time to order your 2015 SSA Calendars. There is a sign-up sheet in the clubhouse on the Merchandise cabinet. The calendars are \$10 each; don't miss your chance. - Brian Stoops
