**WEDNESDAY**

It was hot but a good crew showed up on Wednesday to enjoy some flying. Charlie DeBerry was kept busy doing flight reviews.

**4th SATURDAY CREW REPORT BY CHUCK LOHRE**

After huddling at the Village Restaurant we picked up two large bags of ice to restock the chest freezer in the club house. For the day we launched 19 flights, including one Mile-High guest ride. Two prospective new members completed applications and paid initiation fees. Thanks to Maury Drummey for bringing more water to restock the water supply in the hangar. Thanks also to Henry Meyerrose and John Murray who got diesel fuel in Waynesville to keep the mowing equipment running.

**MIGHTY 4TH SUNDAY CREW REPORT BY STEVE STATKUS**

It was hot out there today! We pre-positioned ice water: half a bag of ice in the water keg and the other half in the ice box with 40 bottles of water to start and another 20 around 2:00 pm.

We had several subs on the crew this week. Very few came out to fly other than students and one mile-high guest flight, nevertheless we managed 14 flights in the heat. Thermals were sparse in the early hours with bases at 3800 MSL but boomed in the late afternoon.

On her first day as part of the crew Kat McManus was kept busy flying with students and did well all day. John Lubon tried for a 2-33 duration record in the late afternoon. (He owes the ground crew some libation restitution.)

Lynn Alexander was excused around 1:00 pm for heat exhaustion and at the close of the day (5:00 pm) I was tripping back to my Viet Nam days and hearing Lucy in the Sky with Diamonds. Too much water? Rehydration began at the Indians and by the time I got home I was almost normal. - Steve Statkus

## CCSC NOW IN 2ND PLACE IN OLC USA SILVER LEAGUE

On Line Contest provides a way to compare the soaring accomplishments of all clubs in the world if you are interested. If we limit attention to clubs in the USA who are grouped with CCSC in the Silver League we find that CCSC pilots are still doing very well and are now number 2 in a very close (156 to 155 points) race for first place with the third place club way behind at 116 points. The pilots who are contributing to this effort are listed below with statistics as of Monday afternoon. You can join in the effort by recording your flights using a flight recorder and then uploading the data to OLC. The March 1, 2016 issue of The Frequent Flyer has comments about Flight Recorders, including a free approach that uses your Smart Phone. Give it a try and join the team.
