New member Joan Clippinger is preparing for an instructional flight in 15H with Bill Gabbard. Joan has joined the first-Sunday training crew, and she is a real "fireball" working on the flightline, and equally enthused about her flight training. Photo: Rich Carraway.

CONGRATULATIONS TED TEACH

CCSC member Ted Teach had a 1936 Ryan S-T on display at the Antique Circle at Oshkosh. This polished plane looked like it just left the factory and was awarded the **Antique Grand Champion - Gold Lindy Award**. - Bob Miller

SATURDAY - Gerry Daugherty

The first Saturday crew launched 27 flights, including 4 Introductory Flights, in what turned out to be a great soaring day for both local area and cross country fliers.

Bryan Sanbongi preparing for a mile-high flight with Dan Bean. This was Bryan's first glider flight in some 40 years and he had his old log book along to prove it! Bryan also submitted his application to join CCSC. Go Bryan! Photo: Gerry Daugherty

Four of the private ships that launched on Saturday. By 11:30 Saturday morning we had launched our first 3 introductory flights and were preparing to launch the first wave of private ships. Take note of EZ at the front of this queue. Photo: Gerry Daugherty.

The First Saturday Crew were thorough with preflight inspections and observed that two sheet metal screws were missing from the vertical stabilizer fairing of N3616Q. After the screws were replaced the glider was returned to flight status. Photo: Gerry Daugherty.

About 4:00 pm 16Q and 15H on the flight line ready to go, with SD returning after our fourth guest ride of the day, Dan Bean again at the controls. If you look closely above SD you can spot a fourth glider in the shot. That's EZ on base preparing to follow ASK-21 SD in. Photo: Gerry Daugherty.

SUNDAY -

Sunday the weather was severe clear with light winds from the East. Operations were from the West end with only 33Z for towing because 909 brake pads were found to be worn out. It took several hours to replace the brake pads but 909 came on line in time to help launch all the private ships. In all there were 27 flights including 5 Introductory Flights. - Mark Miller

RED BULL AIR RACES - BRIAN STOOPS

The RedBull Air Races are coming to Indy on Oct. 1-2, 2016. I am wondering if anyone is interested in going over on Sunday 10/2 for the Finals at the raceway. Tickets are about \$60 for a day pass. Please get back to me by 9/10/16 if you would like to join a CCSC group for the trip. Thanks, Brian Stoops.

HANGAR FOR ASSEMBLED GLIDERS - DAN REAGAN

The Caesar Creek Soaring Club Board of Directors is entertaining the idea of a member-financed hangar or hangars which would house completely assembled member gliders. The board would like to know how many members would be interested in a hangar (community or single) in which members can keep their glider assembled.

Since this is just a preliminary study, a definite cost has not been obtained but it is thought that the cost would be between \$12,000 and \$20,000 per glider depending on the design, the number of gliders housed, amenities, etc.

If you have interest in an investment of this kind please contact Dan Reagan at dreagan<at>fuse.net.
