CONGRATULATIONS TONY REIN

Wednesday was a beautiful blue day with light winds and Tony Rein took advantage of the conditions to complete his check ride with Bob Miller for his Glider rating. Chris Gillespie provided the tow. Tony has been busy preparing for this event, flying a total of 56 flights in 2016 and a final push during the early months of this year. Tony has an ATP and a lot of experience flying with paying customers on board but no glider experience prior to joining CCSC. Congratulations, Tony!

CONGRATULATIONS ALEX TEFFENHARDT - FIRST SOLO

Alex Teffenhardt completed his first solo on Sunday, 6/4/2017. His instructor Jim Goebel is shown shaking hands with him in the picture. Thanks to the First Sunday Crew for giving up their ice and cooler water to cool Alex off. There was concern that he might be having a case of heat exhaustion after the flight and came to his rescue.

FIRST SUNDAY - MIKE KARRAKER

The First Sunday crew was busy, launching twenty eight flights. providing two Introductory Flights for guests and taking care to celebrate Alex

Teffenhardt's first solo in a proper manner. Thanks to Jim Goebel and Bill Gabbard for helping instruct. In addition, one new member, Otis Lewis, completed his ground training and is ready to be assigned to a crew.

TFR IN EFFECT WEDNESDAY, JUNE 7, INCLUDES OUR FIELD

If you plan to fly on Wednesday be sure to check the NOTAMS. A NOTAM (FDC 7/6232) will affect flight in a 30 NM radius from Lunken Airport because of President Trump's visit. That includes Waynesville Red Stewart and the CCSC field (2OH9). Tentatively it will be in effect from 12:00 noon until 2:15 PM, but be sure to check before you fly.

FIRST SATURDAY CREW ENJOYED GREAT WEATHER - STEVE FENSTERMAKER

The weather was much better than predicted earlier in the week, resulting in altitudes exceeding 9,000 ft MSL and a total of 28 flights. The Wright Patterson Airmen Recreation Program brought 7 guests for Introductory Flights. Because we had so many guest rides delays resulted for club members who wanted to fly and take advantage of the fantastic thermals.

During his preflight inspection Alex Teffenhardt discovered a crack in the tail wheel bracket on 15H. The aircraft was then red-tagged and removed from service. Steve Statkus removed the bracket and will initiate repairs. Preventing this type of failure is one of the reasons for the tail dollies that are used whenever towing a 2-33.

Alex Teffenhardt gets the award for his keen eyes and thorough preflight inspection of 15H on Saturday. He noticed the tail wheel bracket was deeply cracked and brought it to the attention of the appropriate members. Well done, Alex!

Bernie Fullenkamp (c.), Kevin Price (l.) and Brian Stoops (r.) brief the WPAFB Airmen's Recreation Program guests about glider flying prior to their Introductory Flights.

Gerry Dougherty took these photos of our WPAFB Airmen's Recreation Program guests and he got many more great photos than are included here. If you would like to look at his entire flickr album here is the link:

John Lubon under tow at the start of his 551 km flight on Saturday. During this flight he reached a maximum altitude of about 9100 MSL and maintained an average speed of 89.4 km/hr to lead our team to a 7th place finish in Round 8 of the OLC Gold League competition. Dieter Schmidt and Mark Miller submitted the next best flights for the CCSC team helping the team climb to 9th place overall for the 8 Rounds so far.

John Dudley returns after a 3 hour 15 minute flight on Saturday during which he reached 9200 ft MSL and traveled 216 km.

N8848L IS FLYING AGAIN!!!

N8848L ready for take off. Thanks to Paul McClaskey for his efforts getting the rebuilt engine installed. Thanks also to Bob Miller who is plane captain and to Tim Christman who has overall responsibility for tow plane operation. All three have contributed leadership, skilled labor and much time to getting this aircraft back in service.

N8848L in flight on Saturday continuing the engine break-in procedure that must be completed prior to service towing gliders.

NEW HELP FINDING SOMEONE TO SWAP CREW DAY ASSIGNMENTS

A new web-based process for facilitating swapping crew day assignments was announced in the 2/21/2017 Frequent Flyer along with instructions for using the system. This process is intended to help members find another member who will agree to swap crew duties for one specific set of dates. It is **not** for getting reassigned to a different crew for an indefinite period. Brian Stoops is the person who oversees crew assignments, so Brian is the one to whom you need to speak about a long term change.

Remember that **UOP 2.2 CREW MEMBER DUTIES** states: "All crew members are to report for duty at 9:30 AM and work until released by the Crew Chief. Each crew member is personally responsible for arranging for a qualified substitute in case of his or her absence. Scheduled crew members are expected to be present for each of their scheduled crew days regardless of flying conditions." This new process does not relieve any crew member of the responsibility for arranging for a qualified substitute and informing the crew chief; rather it is intended to help accomplish that task.

As of 4:00 pm on 6/6/2017 there is one request for a member to swap or substitute a crew day.

FOR SALE

Refrigerator - Free. The refrigerator that was in my trailer at CCSC and fits in the opening where the original equipment refrigerator used to be is free for the taking. It runs on 120V. It runs fine but doesn't cycle on and off. Maybe someone who knows refrigerators could fix it. It is sitting outside my trailer's front door on the patio. It is the second trailer in from the runway in the 4th row, next to Jim Marks trailer. Tim Christman, Tchristman24@aol.com .

RV Trailer - FREE. 1995 Sandpiper 30 ft RV trailer free to someone willing to make repairs. It is located by the clubhouse in the lot nearest to the runway. Repairs are needed to front and rear inside walls and the flooring in several locations. Please contact Tom Holloran at tom.holloran@gmail.com .

PARACHUTE PACKING - Jonny Stewart is offering CCSC members a discount on parachute packing this year. Just \$65. Generally requires no more than one week and special orders can be discussed directly with Jonny. Just leave the chute in the CCSC office with a name and phone number and it will be taken care of.

LIBELLE 201b -1/3 Share for Sale- The Libelle201b is under-utilized and is available almost any time. There are two other partners who don't fly very much so this is an opportunity to fly a lot this year in a nimble, well-instrumented, great thermalling glass ship. To review all the details, give Rolf Hegele a call at 937-271-5003.

Schweizer SGS 1-23, S/N 14, MFG Date May1950, includes open trailer. Has won vintage sailplane awards. Contact Thomas G. Bonser at bonsertom@aol.com or 513-673-7746.

ILEC SN10B nav computer and vario. Came with glider but never installed. No wiring bundle. \$300, Contact Mark Miller (513)697-6477
