- Jul 13 WPAFB Airmen Outdoor Recreation Event - Kevin Price
- Aug 3 WPAFB Airmen Outdoor Recreation Event - Kevin Price
- Oct 12 WPAFB Airmen Outdoor Recreation Event - Kevin Price

CONGRATULATIONS SAMI RINTALA - CFI-G REINSTATEMENT

Sami Rintala flew with Bob Miller on Thursday, 12/6/18, to complete the check ride for reinstatement of his CFI-G privileges. (Thanks to Don Green for coming out on a Thursday to tow.) Sami started flying gliders at age 15 in Finland. He came to the U.S. in his early 20's and earned his Commercial license in northwestern Ohio. He then moved to Utah and got a job as a flight instructor and commercial pilot, flying anything from gliders to light twins for three years.

Sami now lives in Hebron, KY. His two sons, Nicholas and Lukas, expressed interest in learning to fly gliders this past summer and after checking out CCSC all three joined the club. Motivated by the desire to teach his sons and recognizing the need for more instructors at CCSC, Sami has been busy preparing for the check ride with Bob and now, after about a 25 year break, he is ready to resume instructing again. Congratulations and thank you, Sami.

SATURDAY CREW- RICHARD HOLZWARTH

We worked on ASK-21 CC to get the annual inspection process started. It was still cold when we finished with CC, but we got nine (9) flights using towplane N54909 and 2-33s 15H and 135. Activity was not very intense with the first flight at approximately 1200 and the final flight approximately 1630.

SOARING CALENDARS - BRIAN STOOPS

2019 Soaring Calendars have been ordered and will be available for pick up in the clubhouse about 12/13. There will be a sign-up sheet on the merchandise counter or you may send Brian an email at eagleyez45@yahoo with your last name, the number of calendars and account number. Only 20 calendars were ordered so get your request in soon before they are all gone. Thanks.

BRONZE BADGE QUESTIONS OF THE WEEK

Which type of airmass, at altitude, is most likely to produce soarable mountain wave conditions?

- a) stable
- b) unstable
- c) moist
- d) cold

Which type of airmass, at altitude, is most likely to produce soarable mountain wave conditions?

- a) dry
- b) moist
- c) warm and unstable
- d) conditions that are good for thermaling

The best wind conditions for producing soarable mountain wave conditions are

- a) light winds.
- b) 20 mph winds or less blowing along the ridge.
- c) 20 mph winds or less blowing across the ridge.
- d) 20 mph winds or more blowing across the ridge.

Which is a characteristic of unstable air?

- a) temperature increases with altitude.
- b) temperature decreases with altitude.
- c) temperature remains constant with altitude.
- d) low altitude temperature inversions.

Which airmass below is the most stable?

- a) temperature increases with altitude.
- b) temperature decreases with altitude.
- c) temperature remains constant with altitude.
- d) associated with strong thermals.

There have been several inquiries about where to find the approved answers and the references in which Bronze Badge topics are explained and discussed. The answers are not all that secret, but the desire is for candidates to at least put in some effort to gain the desired knowledge. One can go to the Study Guide, complete the practice tests and have them graded and the correct answers will be provided along with a specific reference.

2019 STANDARD AND SPORTS CLASS NATIONALS - CHUCK LOHRE

When: Thursday June 22 until Monday July 1 (Date corrected.)

Where: Caesar Creek Soaring Club, 5385 Elbon Road, Waynesville, Ohio; 513-932-7627

Contest manager: Chuck Lohre, 513-260-9025, chuck@lohre.com

Contest director: John Lubon, 513-543-9154, johnlubon@gmail.com

Scorer: Guy Byers, 513-307-1484, guy@byars.com

We expect 30 to 40 contestants. Restricted club activity will be in operation. From 9 until Noon, training flights can take place (radio required). After the launch, private club ships will be able to fly (radio required). The contest practice days are Thursday and Friday. The contest starts Saturday and we'll only use the last Monday if we need it. [To register go to the SSA racing page.](#)

All CCSC members are asked to volunteer to help staff the contest if you are not competing. If you would like to volunteer for tow pilot captain, crew chief or weatherperson contact Chuck Lohre, 513-260-9025, chuck@lohre.com.

HELP FINDING SOMEONE TO SWAP CREW DAY ASSIGNMENTS

A web-based process for facilitating swapping crew day assignments was announced in the 2/21/2017 Frequent Flyer along with instructions for using the system. This process is intended to help members find another member who will agree to swap crew duties for one specific set of dates. It is not for getting reassigned to a different crew for an indefinite period. Mark Miller is now the person who oversees crew assignments, so Mark is the one to whom you need to speak about a long term change.

Remember that UOP 2.2 CREW MEMBER DUTIES states: "All crew members are to report for duty at 9:30 AM and work until released by the Crew Chief. Each crew member is personally responsible for arranging for a qualified substitute in case of his or her absence. Scheduled crew members are expected to be present for each of their scheduled crew days regardless of flying conditions." This new process does not relieve any crew member from the responsibility for arranging for a qualified substitute and informing the crew chief; rather it is intended to help accomplish that task. As of 5:00 pm on 12/11/2018 there is one request for a member to swap or substitute a crew day:
