DAN REAGAN FLEW LONGEST FLIGHT ON OLC WORLDWIDE-MARK MILLER

Did you know that Dan Reagan flew [the longest glider flight on OLC worldwide on Saturday](#)? He launched out of Petersburg, WV and flew down to Bluefield, VA, then north all the way to Loch Haven, PA before returning south to Petersburg. It was over 1120km. [Check out his flight trace.](#) When you do, take a look at the altitude reported by his flight recorder, it tops out at about 4,802 meters MSL, that's 15,754 feet MSL! Congratulations Dan.

RIDGE SOARING TRIP APRIL 22–28 – MARK MILLER

Now that Dan has scouted out a portion of the ridge and shown why we go to the ridge each year are you more interested in joining the CCSC gang for this year's adventure? The weekend of the Penn State Blue & White game it is nearly impossible to find reasonably priced hotel accommodations in the vicinity of Tom Knauff's place so we usually go right after that game. This year the game is scheduled for 13 April. Easter follows on the 21st so this year we will delay the trip until the day after Easter.

Rolf Hegele has volunteered to tow one of the ASK-21s over to Ridge Soaring and plans to fly with Al Quinn. If you are interested in learning to fly the Ridge, then this is a great opportunity. Tow fees at Ridge Soaring are \$50/tow and the cost of the ASK-21 will be the normal CCSC fee with some portion of the cost of Rolf's gas to get it there prorated among all those who fly it. If you are interested, then send a note to Mark Miller at millersoasis@msn.com.

MARK YOUR SOCIAL CALENDAR – POTLUCK DINNER SATURDAY, MARCH 23

Potluck dinners at CCSC resume on Saturday, March 23. Take advantage of the Fourth Saturday Crew and get in a few flights first, then about 5:30 pm arrive at the clubhouse. Linda Murray has indicated that the theme for this potluck is **SOUP**. Most of us know that the Wednesday Crew has consistently enjoyed the very best soups so there is great confidence that this potluck will have a superb selection. You do not have to bring a soup to share . . . if you have a favorite complement to good soup that is your specialty, then that will be appreciated as well. Bring your whole family to join in the fun.

SPRING CLEANUP APRIL 13-14 Weather Permitting - KEITH KILPATRICK

In order to keep our club looking pristine spring is a good time to rid our members of cabin fever by getting us outdoors once again to participate in the annual CCSC spring clean up. As a club member your participation in these biannual events is necessary therefore we will be having this years clean up and beautification over a weekend to accommodate working schedules. There is much needed support to accomplish these tasks so please come out for some fun in sun and maybe get your hands dirty. Lunch and entertainment will be provided. Rain date May 4th & 5th - Keith Kilpatrick

WEEKEND CREW REPORTS

There was plenty of blue sky with brilliant sun shining through occasional puffy cumulus clouds Saturday and Sunday at our gliderport. Even the temperatures were tolerable. But there had been too much rain for the preceding week and the field was too damp and soft for safe operations all weekend.

BRONZE BADGE QUESTIONS

Best L/D speed would be the best to fly when

- A. Thermalling.
- B. Flying to a landing field in a headwind.
- C. Flying to a landing field in a tailwind.
- D. Flying to a landing field in a crosswind.

In Class E airspace, the minimum flight visibility requirement for a pilot flying VFR above 1,200 feet AGL and below 10,000 feet MSL during daylight hours is:

- A. 1 mile.
- B. 3 miles.
- C. 5 miles.

Soaring Society of America has significantly upgraded the section of their website that pertains to the Bronze Badge Study Guide which is designed to help prospective Bronze Badge candidates prepare for the written exam. The [questions that are used for the Bronze Badge written test](#) are now presented in the form of a quiz. This will be very helpful for pilots preparing to take the written test for the Bronze Badge, so [take a look and try a practice test](#). An excellent list is provided with links to the fifteen references in which the full explanation of the subject matter is available.

ELECTION OF DIRECTORS OF CAESAR CREEK SOARING CLUB

Owners of shares in Soaring Society of Dayton dba Caesar Creek Soaring Club, Inc. elect directors for three-year terms. The elections are held at the Annual Meeting of Share Owners which is specified to take place on the first Saturday in April each year. (Code of Regulations, Article V, Section 1, as amended June 2, 2018) This year the meeting will take place on the 6th of April in the clubhouse at 9:30 am.

This year the terms in office end for four directors: Jim Marks, Henry Meyerrose, Rolf Hegele and Mark Miller; so those four positions must be filled by the election on April 6. Plan to attend the meeting if you are able. For those share owners who are unable to attend in person proxy ballots have been provided.

In response to numerous appeals in this newsletter and personal appeals by members of the BOD only four candidates have come forward and volunteered to serve as a director:

- Rolf Hegele, currently serving as director (Treasurer)
- Mark Miller, currently serving as director (Flight Operations)
- Chuck Lohre, currently serving as Crew Chief of 4th Saturday Crew and Contest Manager for 2019 Standard and Sports Class National Contest.
- Andrew Dignan, currently serving as Plane Captain for Grob-102

Nominations for director remain open until time to vote at the Annual Meeting on April 6, but these four are the only candidates at this time.

2019 STANDARD AND SPORTS CLASS NATIONALS - CHUCK LOHRE

When: Thursday June 22 until Monday July 1

Where: Caesar Creek Soaring Club, 5385 Elbon Road, Waynesville, Ohio

Contest manager: Chuck Lohre, 513-260-9025, chuck@lohre.com

Contest director: John Lubon, 513-543-9154, johnlubon@gmail.com

Scorer: Guy Byars, 513-307-1484, guy@byars.com

Tow plane chief: Tim Christman, 937-475-1445, tchristman24@aol.com

Scales: Steve Statkus, 513-576-9080, stevestatkus@gmail.com

Retrieve desk: Harolyn Burns, 937-239-1345

Registration: Norm Leet, 513-897-0814, leetncg@gmail.com

Crew chief and gopher: Otis Lewis, 513-934-0428, jolewis@adelphia.net

We expect 30 to 40 contestants. Restricted club activity will be in operation. From 9 until Noon, training flights can take place (radio required). After the launch, private club ships will be able to fly (radio required). The contest practice days are Thursday and Friday. The contest starts Saturday and we'll only use the last Monday if we need it. [To register go to the SSA racing page.](#)

All CCSC members and family members are asked to volunteer to help staff the contest. If you would like to volunteer for daily crew chief, weather person, meal captains, water manager, contest reporter, logo design, shirt manager, social media blogger, photographer/videographer, entertainment manager, local official communications, public relations, CCSC field marking, or grid marker contact Chuck Lohre, 513- 260-9025, chuck@lohre.com.

ANNUAL FIELD FLIGHT REVIEW REQUIRED NOW

Remember that CCSC has a requirement that each member complete a CCSC Field Flight Review with a CCSC instructor and get the instructor's endorsement in his/her logbook each calendar year prior to acting as PIC of any CCSC glider (UOP 4.2-Pilot Qualifications). Your first CCSC glider flight of the year must be with an instructor. Take advantage of the good winter days ahead to get the requirement completed well in advance of the great spring soaring that is sure to follow. You will want to spend your time soaring then, not waiting for your turn to do the Flight Review. Also, check your logbook. Do you need to complete the FAR 61.56 Flight Review this year? If so, why not combine the two flight reviews and get both completed when they will not interfere with the soaring you want to do during the great weather later this year.

TEXT NOTIFICATION ABOUT CCSC OPERATIONS

If you have signed up for text message notification about CCSC operations then you received the disappointing news that the field was too wet/soft for operations despite the beautiful weather both Saturday and Sunday and that saved you a trip. If you have not already signed up, all you need to do to start receiving text message condition reports is to pick up the mobile phone or other device on which you desire to receive the flying condition reports and:

- Enter **81010** in the **To:** field for a new text message and **@gliderclub** in the message field. Then **click send**.
- Promptly thereafter you should receive a confirmation text saying: "Remind: Please reply with your full name to join Caesar Creek Soaring..."
- Enter your name and then send that text.
- Promptly there will be another incoming text: "Remind: Thanks *Your Name!* Quick question: are you a student, parent, or teacher? Reply S, P, or T."
- You should enter **S** and send that response. [This system was designed for and is widely used by schools. It was the application of choice for CCSC because it is free and already familiar to some of our members. So, to receive the condition reports you are an "**S**".]
- Your next incoming message will say: "You've joined Caesar Creek Soaring Club! Next, download the Remind app to see the 1 message you missed:" followed by a link "Tap to Load Preview". You will not need the app if all you want to do is receive the condition reports, but the rmd.me app offers additional features which you may find useful.
- If you ever decide that you want to stop receiving the condition reports all that is required for you to unsubscribe is for you to text @LEAVE in response to an incoming message.

If you have questions about the process [Ethan Maxwell](#) (513-886-3765) is the one to contact.

Sign up now and avoid that useless trip or that missed opportunity on those questionable days.

HELP FINDING SOMEONE TO SWAP CREW DAY ASSIGNMENTS

A web-based process for facilitating swapping crew day assignments was announced in the 2/21/2017 Frequent Flyer along with instructions for using the system. This process is intended to help members find another member who will agree to swap crew duties for one specific set of dates. It is not for getting reassigned to a different crew for an indefinite period. Mark Miller is now the person who oversees crew assignments, so Mark is the one to whom you need to speak about a long term change.

Remember that UOP 2.2 CREW MEMBER DUTIES states: "All crew members are to report for duty at 9:30 AM and work until released by the Crew Chief. Each crew member is personally responsible for arranging for a qualified substitute in case of his or her absence. Scheduled crew members are expected to be present for each of their scheduled crew days regardless of flying conditions." This new process does not relieve any crew member from the responsibility for arranging for a qualified substitute and informing the crew chief; rather it is intended to help accomplish that task. As of 1:00 pm on 3/19/2019 there is one request for a member to swap or substitute a crew day.

FREQUENT FLYER PUBLICATION INTERRUPTION

During the upcoming Spring Break the editor and his grandson, Joshua, will be exploring a few beaches in northern France (Sword, Juno, Gold, Omaha and Utah) and visiting other important historical sites in Normandy. Consequently, the Frequent Flyer will not be published on March 26, 2019. Norm Leet has offered to collect news while this editor is away and prepare the newsletter for distribution on April 2, 2019. If you have any news or announcements [send your contribution to Norm Leet](#).
