### **YEW-2019 HAS STARTED**

Fourteen youth arrived at CCSC on Sunday to set up camp for the 2019 version of Youth Education Week. We have a great group again this year and it promises to be a great week. The campground had dried out enough for tents to be set up on Sunday.

After breakfast in the clubhouse at 7:00 am each day the 8:00 am briefing provides an opportunity to learn about weather and plan accordingly, followed with a focus on safety and on goals and objectives for the day.

On Monday there was a threat of rain, but it held off long enough for all to fly, but not as much as was desired.

Tuesday the cross wind from the south was the issue discussed at the morning briefing and training flights all dealt with that challenge, but not until aircraft were pulled from the hangar and thoroughly inspected.

Finally, it was time to fly.

By mid afternoon on Tuesday the gusting crosswind and the increasing heat resulted in the focus changing to ground instruction.

## **SOARING MUSIC THIS SATURDAY – TOM MCDONALD**

Don't forget about Soaring Music this Saturday, July 20. You are welcome to join as either a picker or a grinner. The jam starts at 4:30, maybe earlier, followed by an open mic running through the potluck dinner. Here is a short clip from 2016 to give you the flavor of the event.

<https://www.youtube.com/watch?v=k4EvuvUbf28&fbclid=> See you there!

## **SATURDAY, JULY 13 –DICK HOLZWARTH**

It was a good day and a very busy day with routine operations off runway 27. Our first flight launched at 10:05 and the final flight at 16:45 bringing the total to 36 flights including seven Wright-Patt airman guest rides and one additional 3000 ft guest ride.

## **SUNDAY, JULY 14 - DAVE MENCHEN**

It was a hot day with light winds and lots of humidity, so we operated as close to the road as practical due to high density altitude and we were busy with 23 flights, including one Mile High guest ride.

The rope reel on one golf cart was damaged during a retrieval. Sorry about that. Those are the greatest things since sliced bread, wish I had thought of that.

## **CCSC TEAM IN 8<sup>TH</sup> PLACE IN OLC USA GOLD LEAGUE AT END OF ROUND 13**

In Round 13 of the OLC USA Gold League competition only Joe Simmers and John Murray submitted scorable flights for the CCSC team, but those two flights secured 9<sup>th</sup> place. Although Joe Simmers went to Moriarty for his flight, John Murray flew from CCSC and managed 121km scorable distance at an average speed of 48.7km/hr. Finally another relatively good day in Ohio. That 9<sup>th</sup> place achievement in Round 13 gave our team 8<sup>th</sup> place overall after 13 rounds, a two-place jump.

## **POTLUCK DINNER JULY 20 – LINDA MURRAY**

The potluck theme for July 20 is Hamburgers! Cheeseburgers, add anything you can think of ! Cheeseburgers with onions, pickles, lettuce, mayo, mustard, peppers, etc ! I will bring the air fryer for GREAT French fries. See you in the shelter house after flying! - Linda Murray

## **BRONZE BADGE QUESTIONS**

A STATUTE mile is \_\_\_\_ feet long, a NAUTICAL mile is \_\_\_\_ feet long. On a sectional chart, each graduation on longitude lines is \_\_\_\_ apart.

- A. 5280, 6080, 1 nautical mile
- B. 6080, 5280, 1 nautical mile
- C. 5280, 6080, 1 statute mile
- D. 6080, 5280, 1 statute mile

What is indicated when a current CONVECTIVE SIGMET forecasts thunderstorms?

- A. Moderate thunderstorms covering 30 percent of the area.
- B. Moderate or severe turbulence.
- C. Thunderstorms obscured by massive cloud layers.

What feature is associated with a temperature inversion?

- A. A stable layer of air.
- B. An unstable layer of air.
- C. Chinook winds on mountain slopes.

Soaring Society of America has significantly upgraded the section of their website that pertains to the Bronze Badge Study Guide which is designed to help prospective Bronze Badge candidates prepare for the written exam. The [questions that are used for the Bronze Badge written test](#) are now presented in the form of a quiz. This will be very helpful for pilots preparing to take the written test for the Bronze Badge, so [take a look and try a practice test](#). An excellent list is provided with links to the fifteen references in which the full explanation of the subject matter is available.

## BADGE ACHIEVEMENT BOARD - BOB MILLER

Otis Lewis has made a chart to record the new [ABC Bronze badge achievements](#) of CCSC members. It's in a picture frame with a plexiglass cover over it and has a black wax marker attached. It is on the East wall of the clubhouse. The intent is that whenever a member pilot earns a new badge an entry will be made on the chart to record the pilot's name and the date for achieving the badge. Sami Rintala has taken over the SSA badge duties (giving Charlie Deberry a break) so Sami is the one to whom you want to go to demonstrate that you have completed the requirements for a new badge. Hopefully the club will quickly outgrow this badge board. When that happens data will be transferred to a more complete display of the badge achievement of all CCSC members.

## 2019 STANDARD AND SPORTS CLASS NATIONALS RESCHEDULED - CHUCK LOHRE

The 2019 Standard and Sports Class Nationals has been rescheduled for August 22 through September 1, and the SSA registration page is up and running at <https://www.ssa.org/Contests?cid=2456>. Please consider competing in Standard Class so we can have an official contest.

Contest information: <https://drive.google.com/drive/folders/1aH2fXdKNtIP7t-6d94I2aBZDkTwFdN1a>.

We plan to have excellent weather at the Caesar Creek Soaring Club in Waynesville, Ohio. We fired the old weatherman and the new blood in that position promises great conditions! Thanks for competing. - Chuck Lohre, Contest Manager

## HELP FINDING SOMEONE TO SWAP CREW DAY ASSIGNMENTS

A web-based process for facilitating swapping crew day assignments was announced in the 2/21/2017 Frequent Flyer along with instructions for using the system. This process is intended to help members find another member who will agree to swap crew duties for one specific set of dates. It is not for getting reassigned to a different crew for an indefinite period. Mark Miller is now the person who oversees crew assignments, so Mark is the one to whom you need to speak about a long term change.

Remember that UOP 2.2 CREW MEMBER DUTIES states: "All crew members are to report for duty at 9:30 AM and work until released by the Crew Chief. Each crew member is personally responsible for arranging for a qualified substitute in case of his or her absence. Scheduled crew members are expected to be present for each of their scheduled crew days regardless of flying conditions." This new process does not relieve any crew member from the responsibility for arranging for a qualified substitute and informing the crew chief; rather it is intended to help accomplish that task. As of 7:00 pm on 7/16/2019 there are two requests for a member to swap or substitute a crew day.
