**PROPOSED UOP CHANGE**

We are publishing this to ensure the Membership could respond to the Board with comments for review at the next Board meeting on February 6. If there are no comments for discussion, then the updated UOPs would automatically go into effect on February 4. (30 days). The official day on which the 30 days would start is the publishing date of the minutes in which the change was described on January 5, 2021.

**Paragraph 4.10.1 Instructor 90 Day Currency, of the Uniform Operating Procedures currently reads as follows:**

“In order to instruct in a CCSC glider, the instructor must have made three (3) takeoffs and landings in a glider as sole manipulator of controls in the past 90 days prior to instructing.”

As part of the discussion, it was noted that Instructors are not the sole manipulators of the controls while instructing and this also exceeds the FAA requirements. Therefore, the Board voted at the last meeting to change this paragraph to the following:

**Paragraph 4.10.1 Instructor 90 Day Currency, proposed change:**

“In order to instruct in a CCSC glider, the instructor must have made two (2) takeoffs and landings as sole manipulator of the controls in the past 90 days prior to instructing. Should the two flights be a Pattern Tow or Rope Break, the flights will be at no cost to the Instructor.”

Should you have any comments to the proposed change, please contact Chuck Lohre, [chuck@lohre.com](mailto:chuck@lohre.com) and Rolf Hegele, [N11rdbird@att.net](mailto:N11rdbird@att.net).

Thanks  
The Board
