- Sep 15 WPAFB Airmen Recreation Program event at CCSC - Kevin Price
- Oct 20 WPAFB Airmen Recreation Program event at CCSC - Kevin Price

CONGRATULATIONS AL QUINN - COMMERCIAL PILOT

Al Quinn completed his commercial check ride with Bob Miller. High winds with strong gusts forced a couple days of delay from the plan to complete the test on Wednesday. Chris Gillespie provided tow pilot services to enable completion of the Practical Test on Friday.

SUNDAY REPORT - STEVE STATKUS

Although the lift never did get very good there were 28 flights. Thanks to John Lubon and Larry Kirkbride for providing flight instruction all day. Due to lack of members wanting to fly we shut down at 4:45 PM.

Fall Work Day Saturday Oct 27th - Keith Kilpatrick

Please come and participate in the annual CCSC fall work party. As a club member your participation in these biannual events is necessary and important. We will need your help with cutting firewood, splitting and stacking to keep the crews cozy this winter in the club house. Help will also be needed to fill low areas of the runway and seed. There is much needed support to accomplish these tasks so please come out and join us.

WAVE CAMP AT MT. WASHINGTON - CHRIS GIACOMO

Are you eager to achieve one of the altitude gain requirements for your next badge? Here is your invitation to participate in this year's wave camp up in Gorham, NH. The event is a very laid back gypsy camp sort of feel with an awesome group of guys flying in the best wave on the east coast. Camp dates are 5-14 October, at Gorham Airport (2G8). Cost is \$100 for O2. If interested, just sign up in the yahoo group at <https://groups.yahoo.com/neo/groups/mwsoaring/info> Fair warning, if you come once, you will surely be back again!

ANNUAL STOCK PURCHASE IN NEXT STATEMENT

If you are a full member of CCSC and do not yet own twelve shares of stock in Soaring Society of Dayton dba Caesar Creek Soaring Club, you can expect to find a charge in your next monthly invoice for the purchase of one share of stock @ \$100. Recall that the Code of Regulations states "As a consideration for membership, members shall purchase and hold twelve (12) shares of Soaring Society of Dayton, Inc. stock. These shares shall be acquired at the rate of at least one (1) share per year." Invoicing for these shares normally takes place in April of each year, but this year the September invoices will be used. Family Members, Youth Members and Active Duty Military Members are exempt from this stock ownership requirement.

CLAIM YOUR LOST ITEMS SOON

There is quite a substantial accumulation of items in the box on the counter in the clubhouse. When something is found and the owner cannot be identified it is put in the "Lost & Found Box" to wait for the owner to claim it. The box is now full so contents of the box will soon be donated to a charity if they remain in the box.

BRONZE BADGE QUESTIONS OF THE WEEK

You should use the same size pattern and speed in an off field landing as you would on a normal landing.

- a) true
- b) false - the speed should be slower
- c) false - the size should be smaller
- d) false - the size should be larger

When forced to land in a tall crop (wheat, corn) dive brakes should be open at touchdown.

- a) true
- b) false

Where it is recommended that the beginning cross country pilot land during an off field landing?

- a) close to a gate to make retrieval easy
- b) as close to the approach end as possible

You should not land with the landing gear retracted.

- a) true
- b) false
- c) it can't possibly be that simple

See the SSF [Study Guide](#) for a practice test with all the questions.

ONLINE CONTEST CONCLUSION FOR 2018

Round 19 of the OLC Gold League competition was another disappointment for the CCSC team with no one able to turn in a scorable flight because of the weather. In fact, only eleven of the eighteen teams managed to score. So, at the end of this year's 19-round contest the CCSC team remains in 13th place out of the 18 teams that entered the contest. The 2018 contest is now finished and teams in places 15 to 18 will move down to the Silver League and the top 4 of the Silver League will move up to the Gold League for the 2019 competition. We can always hope for better weather next year!

HELP FINDING SOMEONE TO SWAP CREW DAY ASSIGNMENTS

A web-based process for facilitating swapping crew day assignments was announced in the 2/21/2017 Frequent Flyer along with instructions for using the system. This process is intended to help members find another member who will agree to swap crew duties for one specific set of dates. It is not for getting reassigned to a different crew for an indefinite period. Mark Miller is now the person who oversees crew assignments, so Mark is the one to whom you need to speak about a long term change.

Remember that UOP 2.2 CREW MEMBER DUTIES states: "All crew members are to report for duty at 9:30 AM and work until released by the Crew Chief. Each crew member is personally responsible for arranging for a qualified substitute in case of his or her absence. Scheduled crew members are expected to be present for each of their scheduled crew days regardless of flying conditions." This new process does not relieve any crew member from the responsibility for arranging for a qualified substitute and informing the crew chief; rather it is intended to help accomplish that task. As of 5:00 pm on 8/28/2018 there is one request for a member to swap or substitute a crew day.
